

THE ORCHARDS FEDERATION
GOVERNING BODY

GOVERNOR PROFILE, 2019

Name: Andy Feeley

Type of Governor: Executive Head Teacher

Why I chose to join the Governing Body:

As the Executive Headteacher it is important that I am involved with the Governing Board in order to ensure that Governors are in touch with what happens every day in our schools and are effective in holding each school to account. My role is to ensure that the Federation has clear direction and the schools run smoothly and effectively on behalf of the Governing Board.

My particular skills and interests are:

My original degree qualification is in Outdoor Education and I have worked in both special and mainstream schools and with governors throughout my career. Prior to my role at the Orchards Federation I was a primary head teacher for 14 years. I have been the Executive Head Teacher at the Orchards Federation since September 2014. I have also supported Governing Bodies and schools across the region through my work as a Local Leader of Education with the Greater Manchester Challenge.

Outside work I enjoy off-road cycling and sea kayaking.
