

**THE ORCHARDS
FEDERATION**

**GOVERNOR PROFILE
2019**

Name: Sharon Unsworth

Type of Governor: Associate Governor

Why I chose to join the Governing Body:

In my position as School Business Manager I attend governor meetings to give information and updates on The Orchards Finance and Personnel.

Although these are two of my main areas of reporting I do have a 'day to day' overview of the schools in general which helps should any parents or governors who call in or telephone the schools for information.

I would like to think that my input to the governors is of value.

My particular skills and interests are:

I am a very approachable and trusty worthy person and a good listener. I feel the staff can speak to me and ask for advice on many topics if I don't know the answer I will try to help them to find one.

I am proactive, supportive and trying to plan strategically for the future.

My interests are dance, music, films, reading, good food and gardening when the sun is out.
